

**If you are eating in our London - Spring Street (Paddington) or Worthing restaurants – please do NOT use this guide. We have a separate full ingredients menu for these sites.**

Our main allergen guide covers the 14 allergens specified by the EU Food Information Regulations. However, we understand that people may want to avoid other food ingredients, therefore this menu shows the full ingredient declarations of a select number of our dishes. Please use this guide to inform your choice however we are unable to provide full information about our suppliers' allergen risks, including cross contact. In addition, our kitchens handle numerous ingredients and allergens and it is not possible for us to guarantee that our dishes will be allergen free.

Please check this information **every** time you visit our restaurant as we may have changed the recipe or the ingredients of one or more of our dishes.

**If you are unable to find a dish suitable for your dietary requirements here, we advise you not to order.** However, as you know more about your allergy than we do, we will leave it up to you if you want to proceed. Please bear in mind though that due to the seriousness of allergies and food intolerances, our restaurant teams will not be able to help select dishes and they do not hold full ingredient information on any other menu items. Alternatively, if you let our head office know your dietary requirements in advance of your visit they will try to help you with your dish choices.
